THE FORTNIGHTLY

Review

OF THE CHICAGO DENTAL SOCIETY

OUR business is to make money *for you*. That's putting it bluntly perhaps and it may sound a little mercenary but no other words describe the purpose of a laboratory business. With us, this is a serious intent and desire—not merely a slogan.

The value of our service to dentists is gauged by them on the basis of their chair time productivity. And our records disclose many interesting cases of progress in this respect. When a dentist grosses over 150% for example, and reduces his actual hours of work while doing so, the results point to the value of planned efficiency.

Instances like these are not unusual at Kennedy's; they're our business. It's a fact that merits your consideration. For full details call ABerdeen 4-6800.

My Boss Says...

"It's the most important development in years"

Rightly so, the "New Look" in dentures has aroused the interest and enthusiasm of members of the dental profession throughout the entire country.

Here's a completely new concept of modern esthetic dentures which may well be the most revolutionary factor in improving your denture practice since the advent of acrylic base materials.

Trubyte Denture Veneers offer a new, simple and sure method of satisfying the ever-increasing cosmetic and esthetic demands of your patients—and combined with the beautiful forms and shades of Trubyte Bioform Teeth, result in an amazingly lifelike restoration which literally defies detection.

Here's a new and distinctive service for not just a few, but for all your denture patients. Ask your Trubyte Dealer or your Dental Laboratory for an immediate demonstration of the new Trubyte Bioform Veneer Denture.

CDS LEADERS APPRECIATE SUPPORT

The Officers and Directors of the Chicago Dental Society have deeply appreciated the many telephone calls, personal visits and telegrams evidencing the enthusiastic reception by Society members of the newspaper interview with President Sam Kleiman appearing on the front page of the *Sunday Tribune* August 15th and of the TV interview between Tom Duggan and Dr. Kleiman on September first. Both of these interviews dealt with the Society's efforts to abate the menace to the dental health of the public created by the advertising laboratories and the support of our members in this effort is encouraging and sustaining to those who are planning and prosecuting those efforts.

WBKB-TV DENTAL CLINIC

On September 14 the Chicago Dental Society, through its Committee on Dental Health Education, began a 13 weeks' series of dental health education TV broadcasts over station WBKB—Channel 7—from 1:15 to 1:30 p.m. on Tuesdays and Thursdays.

This program has been made possible through the cooperation of Dr. Mortimer Neimark, a member of the Kenwood-Hyde Park Branch, who has worked on the project for several months. The program will be chiefly of the question and

answer type, utilizing questions from the TV audience. Through the courtesy of the S. S. White Company, a complete dental office is being installed in the studios and from time to time actual dental operations will be performed and televised. Dr. Neimark is to be the "articulator" on the show and will participate in the discussion as well as be responsible for production details.

To date more than 40 CDS members have volunteered their services. So far sixteen of this number have been assigned topics. For the month of September the following schedule has been set up:

Tuesday, the 14th—Pedodontia, Dr. Stanley Korf.

Thursday, the 16th—Crown and Bridge, Dr. William Burke.

Tuesday, the 21st—Orthodontia, Dr. Arthur Block.

Thursday, the 23rd—X-Ray, Dr. G. W. Solfronk.

Tuesday, the 28th—Medical-Dental Relations, Walter C. Alvarez, M.D.

Thursday, the 30th—Periodontia, Dr. Bernard Friedman.

This TV series represents a new venture for the Chicago Dental Society and it is being watched with interest. We suggest that each member draw the attention of patients to the program so that they, too, may benefit from the discussions and the experiences of representatives in the various specialties.

NEWS OF THE BRANCHES

WEST SUBURBAN

The news of the branch covers a lot of territory this time. As our first bit, Rudy Hinrichs has just returned from a month's vacation in Europe where he met five brothers and sisters for a family reunion. One of the brothers whom he hadn't seen for thirty years came all the way from Johannesburg, South Africa, to be at the get-together. Rudy and the Mrs. also visited Holland and Paris. . . . Then over to the other side of the world and we find that an old member of the branch, Hal Henning, is in Japan with the U.S. swimming team as coach-manager. He is having a wonderful time. . . . As to news here at home I am told that Stan Tylman, Jr. is building a new four-chair office for himself in Lombard. Since Stan is a member of the National Guard he spent two weeks of his summer vacation in khaki. . . . Howard Buchner spent two weeks up in Canada. . . . Bob Pollock is moving his office into the Oak Park Federal Savings and Loan building. . . . I have it strictly on the Q.T. from Bill Vopata that one of our members recently passed the California Board, but that this man wants his name withheld for fear that it might incriminate him. . . . Bob Christopher is about to open up an office and begin his practice in oral surgery after spending a year at Carle Clinic in Urbana, Ill. . . . Tony Malone is spending his vacation on the farm and keeping his light touch with the molars in shape by having a morning workout on the cows. . . . One of my informants passed on the hot dope that there is a Mikolas in North Carolina, but failed to tell me which one. It's the one you didn't see. . . . Les Braun and his four sons are in Ely, Minn., where they intend to shoot the rapids in the area. . . . Bob Wirth is making a trip to Niagara Falls and my unimpeachable source at 1011 Lake St. is wondering if

this is a second honeymoon. . . . Bill Wojahn is already beginning to fill up his new house in Elmhurst, this time with a baby boy. That's the danger of building big houses. . . . Fred Hawkins is paying a call at George Washington's home in Virginia. . . . Howard Buchner is at the moment up in Canada having no doubt a big time catching all the fish that the other fellows left behind. . . . We all want to wish the best of luck to Hugh Ryan in Downers Grove, who is starting up there after being associated with Pete Iagmin in Chicago Heights. . . . I am pleased to report that the news is beginning to come in pretty well. I will be more than pleased to write it all up until the Editor tells us we are taking up too much space. Let's make him yell "Uncle."—*Bob Randolph, Branch Correspondent.*

NORTHWEST SIDE

Tuesday, October 12—Columbus Day—First branch meeting of the year. Stella's Restaurant, Kostner, corner Belmont Ave. Dinner at 7, program at 8. Joe Ullis, program chairman for the coming year, promises a bang-up program on the use of hydrocolloids in dentistry. All this if the commitment for the evening develops as planned. More in the next FORTNIGHTLY. . . . Comes to hand a copy of *Story* the monthly magazine of Memorial Hospital of Du Page County. A very nice story on Mrs. Max Brauner, who will co-chairman "County Fair at Oak Brook" and who was in charge of the Educational Exhibits at the fair. . . . Jim Mershimer stopped in the office long enough to pick up the mail, and then head for Camp Campbell in Kentucky to visit his son. . . . Joe Ullis ran across Jim Guerrero at the Brookwood Club, and managed to get some work done on programming. Never misses a bet, that

guy Joe. . . . Thad Chrobak was elected to the office of president-elect at the Dental Arts Club. Thad is busy making the transition from Avondale to Franklin Park. Just mention Franklin Park to Thad and his eyes start to glow, his voice husky with emotion. He really seems to like the small town life. . . . Joe Zielinski has become a grandfather for the second time. This time it is a granddaughter named Barbara Ann. Congratulations, Grandpa, and thanks for passing the word along direct. . . . So your correspondent has gone in for an air-conditioner. It was a long time coming, and as soon as it was installed the temperature dropped, so at the moment I won't be able to make a report. But as much as I have seen of the effects, they are wonderful. . . . Don't forget the Loyola outing at Glendale on the 15th. . . . The Northwest Branch mourns with the North Side Branch on the loss of one of its illustrious members, Harold Welch. He was a good guy.—*Ben Davidson, Branch Correspondent.*

WEST SIDE

Now that Labor Day has passed and the summer season is practically over we can look forward to a long but cold winter. . . . Like the homing pigeons, the dentists also must return to their favorite habitat (the dental office) after a brief but enjoyable summer. . . . As we pack away our swim-suits, fishing tackle, tennis rackets, golf clubs, and sun-tan lotions we now can rummage through our files for that season dinner ticket which is our pass to the fine programs prepared for our coming meetings. If you have misplaced or forgotten to purchase one, please get in touch with the dinner chairman, John Reilly. . . . During the month of August, one of our vacationing members, William Whittaker, autoed through the Blue Ridge and Smoky Mountains. After that he drove to Florida and then continued to the East Coast where he made a short stay. . . . Some sad news has just arrived. Harry Shanoff's father

recently passed away. All the members of the West Side Branch would like to extend their deepest regrets. . . . Adolph Stark will be heading for his old home town of Red Wing, Minnesota, for a few weeks. This trip is practically an annual ritual with Adolph since the main attraction is his parents. . . . The Old Salt, Art Tessler, just completed a cruise around Lake Michigan. We are wondering if his seagoing legs have adjusted themselves to cruising around the dental chair. . . . **HELP, HELP, HELP.** Your editor is floundering in the sea of unknown news. **PLEASE** throw him a life preserver by calling SPing 7-4838 after 3:30. —*Frank J. Kropik, Branch Correspondent.*

ENGLEWOOD

The Good Book says, "Wherever I go He makes my life a pageant of triumph." How true it is and we Englewood boys sure get in the pageant; to wit, Tom McCarthy visited his son and family and granddaughter in Wisconsin, expected to see another grandchild in the pageant but missed by a few days. Got in myself with the arrival of a granddaughter, little Karen Byrne a few weeks ago. . . . Poor Malcolm Brooks just got a litter of kittens under the back steps, most fun he has had since the kids grew up. . . . Lucas was doing a real good job of resting up there in that cottage in Michigan and along came O'Grady to disturb him. . . . Hear Frank Farrell is back in the pageant, working regularly. . . . Bill Lexa reports he has caught a few, well, could be. . . . See Zeke Krol has to get away for a month, will be Canada for the most part and I think Bob Tharp will be that way, leastways it's with a new Nash, a new boat and lots of hope. . . . Oh, yes, nearly missed Van Dam up in Canada. . . . Tom Cyril Starshak spent some time down in Cincinnati visiting a son, then to Whitehall to loaf a spell. . . . Bill Shippee is going after a lazy trout, thinks that's the only kind he can catch. Bill's boy, Bob, has just passed both the Colorado and

Florida boards and is now in the Air Corps in New Jersey. He challenged his dad on those boards but had no taker (don't blame you, Bill) . . . Frank Murin bought a house in north Beverly but fell off a stepladder and hurt an ankle. . . . Ed Werre is doing the pageant in a new Oldsmobile 88. Here's the real pageant—Al Schubert flew to Europe just before Labor Day and will be gone a month; his son was married along in July and one of the best pictures is one I am in. . . . Vermeulen has been at Mayo's for a check-up, hope things are looking up. . . . The first meeting of the year was a good starter, more on this next time but the girls enjoyed a symposium of High Speed Technique and its application to hydrocolloid. John Anderson, Bill Vopata, Herb Gustavson and Russell Johnson did the demonstration. . . . Hear Joe Plewa's wife has been on the sick list at Mayo's. We hope things are looking up at their house. . . . And the pageant moves on to its end. . . . Charles Coffey,

past-president, passed away recently at Mt. Pleasant, Michigan. . . . Herb Ray passed away here at home just lately and during the summer, death has taken Albert Friedman and Richard Thexton. To the loved ones of these fellow workers we say again that it has been good to have been with them on the pageant and to have known with you their love, their faith, their understanding.—*Webster Byrne, Assistant Branch Correspondent.*

License Revocation Report

The July 15 issue of the FORTNIGHTLY REVIEW carried a short notice of the filing of license revocation complaints against approximately 15 dentists who had been (and some still are) associated with illegal dental laboratories. A series of hearings has been started before the Illinois State Board of Dental Examiners, the first of which was held on August 23. At that hearing complete evidence was presented concerning the illegal activities of two dentists and partial evidence was presented concerning a third. Further hearings are scheduled for 10 A.M. on Monday, September 27, Monday, October 25, and Saturday, October 30. Chicago Dental Society members are welcome at these sessions, which are held in the chambers of the Department of Registration and Education on the second floor of the State of Illinois Building at Randolph and LaSalle Streets. The procedures for handling and reporting such hearings are prescribed in the Illinois Dental Practice Act and no announcements of Board decisions can be made until they have been approved by the Director of the Department of Registration and Education and until certain stipulated amounts of time have elapsed. At such time as these requirements permit, we will inform the membership of the hearing results.

all and gain a worthwhile fund of knowledge and fellowship. May I thank Henry Parkin and Harold Rabin for the excellent job they did in my absence. I wish more men would volunteer to write these columns and I am sure we would see many clever articles from you guys. Our first meeting on October 5th will be one to help all of us to plan our future lives. Frank Amaturio has brought together four experts from the First National Bank to help in planning our future. Dinner tickets will be \$12.00 and good for any four out of the five dinners including the clinic day meal. See Don Wise for your tickets. . . . Our sincere sympathy to the family of Dr. Harold Welch, one of our former presidents, who passed away in the last month. I am sure all of those who knew him regret his passing. . . . B. H. Bartfield's wife has left for Europe and he will tour the Carolina Hills. He will be the new president of the Psychosomatic group. . . . Ted Dubrow is off for another Canadian vacation. . . . Murray Hoffman put 6200 miles on his car to get it ready for the winter driving. He took his family with him while doing it. They also saw a great deal of the West in passing. . . . Harold Sitron, our renowned bridge expert, was in the State Bridge Tournament. . . . It was nice to get a letter from Dr. C. A. Bostelman, N.U., 1899, who is retiring to Florida after fifty years of dental practice. Good luck and many more useful years of leisure, Doctor; you certainly have earned it. . . . Paul Gechman is moving into his new ground floor medical building. . . . Dr. Hirsch tells me that Dr. M. Strilky toured through the west investigating group partnerships in practice. His comments are these about it. "Elegant living in dental practice and it is not unnatural for a large group of dentists to enjoy a pleasant and happy relationship in the same suite or office building. They claimed more leisure, longer vacations, and pleasant surroundings." What do you think about it? Write

in and let us have a rhubarb about it. I'll try to put it all in this column if the editors will allow it. . . . By the way, my own daughter Sue just got her driver's license, and the "Battle for the Car" has just begun. Our president, Maurice Altus, called to give me the news in his building and here it is: Earl Hullison was up at the Dells for a while. . . . Joe Krohn vacationed on a sail boat in early August. . . . Frank Amaturio, as program chairman, had a stint in the Army for a few weeks to sharpen up his programming for the winter season on the North Side. Let us hope he comes up with some good ones. . . . New fathers-in-law: Walter Nock and Irving Secter. . . . The *Daily News* carried an item that an art exhibition was held at Dr. M. Zinser's farm in Lake Delavan, Wisconsin, in mid-August. Why don't you artists and sculptors on the North Side exhibit your best pieces at our annual clinic day? I am sure there are many of you. Anyone interested let me know and I will inform the clinic day chairman. Our first meeting is a short month away. Come and learn how to make that extra buck work for you. It pays good dividends. . . . The Bryn Mawr Athletic and Social Club, consisting of Kadens, Gordon, Parkin, Sudakoff, and Semiloff, will join with E. Elman and H. Sitron on a little fishing jaunt about Sept. 15th. . . . Too bad Congress did not listen to the response of the members on the last poll of the Chicago Dental Society when they excluded dentists in

the Social Security program. I think their decision should have been different.—
Joseph W. Gordon, Branch Correspondent.

KENWOOD-HYDE PARK

John Mackinson was up here from Orlando, Fla., to help with the festivities for his daughter and son-in-law's wedding anniversary and the grand-daughter's eighth birthday. I spent an afternoon with the big family and what I learned about Florida will keep me here for some time to come. Mrs. Mackinson tried to explain why you can't go swimming in any of the 30 lakes around there. It seems that at night there is a noise that sounds like a pig, BUT it isn't. Maybe if some of the exodontists could go down there and pull the teeth from these animals then it might be safe enough for me. These animals have a large number of teeth and their jaws have a lot of power when they close. Also, there are a few of those little animals that have no legs and wiggle on the ground and in the water. They have a habit of biting and that isn't too good for the person that they bite. Enough about the animals. The report is that the weather is very nice, here it was in the upper 70's and they were a bit cool so I guess that the Florida temperatures must be a bit warmer than ours. . . . I have a complaint to make against Rudy Grieff and that is that he eats too much sweet corn. No, he didn't keep me from eating

enough, but after everyone else has finished eating he is still at the table with a great big ear (or two) of corn, chomping away. Well, Rudy, I have to admit that when Mrs. Reardon cooks a meal she makes it mighty hard to stop and I am jealous because I couldn't have eaten any more. . . . If she were to start an eating place I can safely say that I would have a hard time not being her first customer. I have been in many homes for meals, but every time I am at the Reardon's I feel that I should apologize for eating so much but when food is good I just hate to stop. The big trouble is that she likes to cook and we like to eat—a good combination don't you think?—
Warren H. Lutton, Branch Correspondent.

NORTH SUBURBAN

Say, have you ever seen such a d - mp (please Mr. Editor, Doctor, Sir, that just means "wet") summer, or are you among the affluent and opulent, the pregnantly pecunious for whom someone else mows the lawn, and weeds the garden? We've discovered in putting the lawn mower away these days after performing what amounts to yeoman duty, one needs a guide to return home—the bloomin' grass GROWS so fast. But, well—fret not. Summer is well nigh spent, and plans for the Fall season ensue. October 12 is the first meeting at the Georgian (don't forget the four

others, including the new CLINIC NIGHT, all for \$15.00). Make out your check for the right amount, \$15.00, payable to the North Suburban Branch, and send it to your ticket chairman, Kenneth Henson, 1 S. Northwest Highway, Park Ridge, or to your branch correspondent, or to Jim Best, 636 Church Street in Evanston. . . . Holy smoke, dashing off a column, and at the same time packing for a short vacation is some trick. The wife, "George," and yours truly are hitting the road for Lincoln, Nebraska, soon as we turn the next corner and drop this off, care of Uncle Sam. They say it's been real cozy warm out that way, but good ol' Pater has just built a new air-conditioned home we intend to investigate, and a week over Labor Day should be fun. Luckily there ain't hardly nobuddy doin' nuttin' these days, or so it seems, you'll see. This effort will be over before you can turn the page. . . . Carl Jochim, Park Ridge, has been visitin' the Y'all country, North Carolina, with the wife's folks. . . . George Carey hustled his gang up into Door County, then cantered off western style to Kansas City to buy feed cattle. . . . Bill Denneman put out the "Gone Fishin'" sign, and was last seen at Channel Lake, Minnesota, staggering, they say, under a great catch of bass. We learned later Bill had also done a job on the bass in Squirrel Lake, Wisconsin, just a few days earlier plus some extra special sessions of golf. . . . Ernie Leonard has just returned from his tour of duty with the Navy, and has resumed his practice in Edison Park. . . . Dave

Grauer, graduated recently from the University of Illinois, College of Dentistry, and more recently returned from the armed services, has set up practice in the Pickwick Building in Park Ridge. Lots of luck and good fortune, buddy pal, you've chosen a wonderful group of associates. . . . O. E. "Scotty" Scott has been on vacation—no one knows where. Jim Best, Scotty's associate says, "All I know—he's gone." . . . Earl, "Boomer" Bommersheim joined the fishy business at Trout Lake, Wisconsin. . . . And Sayre Hexton (wish these characters would let a guy know where they're going) went fishin'. . . . Bob Johnson spent ten days at Glenn Lake, Michigan, putting in lots of time as he puts it, "Go-loafing, and getting fat." Bob says there's no use trying out the fishing. If you catch big ones no one believes it. If you bring home what you did catch everyone wonders what you're doing with all that bait. . . . A new, new study club—the Waukegan Dental Study Club, limiting its membership to fifteen, will hold its meetings on the fourth Tuesday of each month, beginning in September, according to George Krueger. The Charter officers are: D. O. Waud, President; George Krueger, Vice-President; Leo Janks, Secretary-Treasurer; and Carl Zeit, Sgt. at Arms. The club plans covering all phases of dentistry with the intent to promote and improve: operative techniques, office management procedures, good fellowship, and ethical standards and ideals. . . . WEST SIDE PRESENTS UNIQUE YEAR-LONG PROGRAM

The West Side Branch Program Chairman Daniel M. Laskin together with Fred Bazola, President and Irwin Robinson, Secretary have announced a new type of scientific program for the branch meetings in 1954-55. It will consist of a series of progressively correlated lectures in Full Denture Prosthesis. A complete outline of the course of lectures setting forth the subjects and the speakers will appear in the next issue of the Fortnightly. All CDS members, not alone those of the West Side Branch, are being urged to attend.

Here is an example of planning for the general good of dentistry in Chicago and it is hoped that a large number of Chicago dentists take advantage of the opportunity.

WEST SUBURBAN ROUND TABLE

The West Suburban Round Table will meet at 12 o'clock noon, October 4th at the Oak Park Club. Please phone Edwin Black, Village 8-4800, for luncheon reservations. The speaker will be Dr. Joseph Brophy, on the subject, "The Illegal Dental Laboratory Problem." Please come for the fellowship and to hear a good speaker. Make this easy test **with your next lot** **of Gold Scrap ...**

If You are NOT now sending your gold scrap to a bona fide refiner of precious metals, you are probably getting only a fraction of what it is worth. That's because only a bona fide refiner *can* recover the full value from the scrap and give you all it's worth.

You can easily find out. Just send us your next lot and compare the return with what you've been getting. Our long standing as a foremost fabricator and refiner of precious metals assures a full recovery and return every time. We're confident it will pay you to make this easy test.
